## Setting up a Recurring Payment Schedule

To set up a Recurring Payment schedule, select the Recurring Payments tab. **Please Note:** If you select the Recurring Payments Option, your first payment will be made today, and then your recurring payment schedule will be set up based on the options you select. Also please note that if today's payment is declined the Recurring Payment schedule will not be set up and you will have to try again.

Be sure to select either your Payment Amount or Other Amount. If you select Other Amount you must enter the amount you wish to pay today **and** recurring in the Amount box below. Select the blue Recurring Payment button to proceed.

You will be directed to the secure Recurring Payment form. Please be certain to fill out all fields completely for the charge to be approved and for the Recurring Payment billing schedule to be set up correctly.

Complete the Billing Information section completely including your email address. Complete the Recurring Payment Information section completely. Please note that the first two fields do not change. Your first payment will be made today and you will receive an email receipt. Specify the date, after today, that you would like the Recurring Billing schedule to start, how frequently you would like to make payments, and the total number of payments you would like to make, in addition to today's payment.

Select the Submit button at the bottom of the screen. You will see an Approved form and receive an email charge receipt for today's charge.
